## Descendants auradon travel guide

Do you love the descendants so much, but you feel you don't know enough about their history and birthplace? Now you have the opportunity to see for yourself what they really have in the Auradon Travel Guide Game. Just like a tourist, you can check out a museum that contains all the magical objects that played a big role in some of the most famous fairy tales. Find out some facts about things like diamonds that seven dwarfs dug in a mine. Or learn about the infamous magic mirror that belonged to the Evil Queen! Or discover things written on some other famous things, like Jafar's Turban! But, oh! So many other items are missing from the book. You need to examine the map until you find them and take them back to the place where they belong. Find out where they were hidden and stop the bad guys from ending their plan. Test your knowledge by taking the quiz! Once you have finished dealing with the map, you can always take the quiz on magical history. This is not your usual boring test, but something to spice up your knowledge of Disney heroes. Try high grade! Some questions can be difficult to answer, and you may get them wrong, but don't panic! There's always another way to make things right. Just spend as much time as you need and think through every answer. After acquiring all these knowledge and magical skills, you are ready to become one citizen of auradon or a lost island. Upload a photo of you and stop your magic passport! Now you're a real part of it. Have fun! Game Details and Stats: Auradon Travel Guide is a great descendants game that you can play NuMKI for free.
